PROFESSIONAL SUMMARY

Computer Science and Business Systems graduate with a strong foundation in Java, Node.js, Express.js, MongoDB, SQL, HTML, CSS, and JavaScript. Experienced in developing RESTful APIs and database-driven applications through academic projects. Possess strong problem-solving, analytical, and teamwork skills with a passion for software development and continuous learning. Seeking an entry-level Software Developer role to apply technical skills and contribute to organizational success.

SKILLS

Programming Languages: Java, JavaScript

Frontend: HTML5, CSS3, React.js

Backend Technologies: Node.js, Express.js

Databases: MongoDB, SQL

Tools: VS Code, Postman, Git

Concepts: REST APIs, CRUD Operations

EDUCATION

Bachelor of Technology -Computer Science and Business Systems

M. Kumarasamy College of Engineering
2021 - 2025
70%

Higher Secondary Certificate

Sun Star Higher Secondary School
2020 - 2021
85%

Secondary School Leaving Certificate

Sun Star Higher Secondary School
2018 - 2019
78.16%

CERTIFICATIONS

- Pega Certified System Architect (2024)
- Pega Certified Senior System Architect(2025)
- Completed the NPTEL on JOY OF COMPUTING (2022)
- Cambridge English Certification (2023)
- Won 2nd Place in Zonal Level Kabaddi Tournament (2020)

PROJECTS

HOME CARE SERVICES

2025

- Developed a Home Care Services web application that connects customers with service professionals for household tasks such as plumbing, electrical work, and senior care.
- The website allows trained and experienced workers to offer their services, while customers can easily book household services online.

Contact Management Application

2026

- Developed a full-stack Contact Management Application using Node.js, Express.js, and MongoDB implementing CRUD operations and RESTful APIs.
- Designed and implemented RESTful APIs for performing CRUD (Create, Read, Update, Delete) operations on contacts. Integrated MongoDB for data storage and used Express.js middleware for request handling and validation.
- Tested APIs using Postman and implemented proper error handling to ensure reliable application performance.

SOFT SKILLS

- Analytical Thinking
- Teamwork
- Problem Solving

AREA OF INTEREST

- Object-Oriented Programming
- Design Thinking
- Pega (Low Code platform)
